### **DETAILED ACTION**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The Election of Species dated February 9, 2006 was withdrawn in view of the treatment of all claims in the Office Action dated May 4, 2006.

### ***Conclusion***

This application is in condition for allowance except for the following formal matters:

(1) The amendment dated February 9, 2005 discloses claims 82-87. However, in subsequent amendments dated October 26, 2005 and May 17, 2006, only claims 82-86 are disclosed as pending, and moreover, there is no record that shows cancellation of claim 87. Therefore, since the status of claim 87 is unclear, clarification is respectfully requested.

(2) Claims 82-86 are allowable over the prior art of record. The only question to be resolved prior to allowance is the question of priority of inventorship, which is properly resolved under interference proceedings. Under MPEP 2304.02 (October 2005 or later), the applicant is required to suggest an interference under 37 CFR 41.202(a) in order to have applicant's view as to how the interference should be declared on record. Guidance for current interference practice may be found in MPEP

Chapter 2300 (October 2005 or later) and in the Federal Register Vol. 69, No. 155; August 12, 2004; beginning 49990-49996. See also 37 CFR Part 41.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213,

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
